

CHILD PROTECTION POLICY

The management of the hotel Royal Palm Resort & Spa is aware about the fundamental human rights of children, as it is defined in the UN Convention of the Rights of the Child (CRC).

It's everybody responsibility safeguarding children from any type of abuse, like physical, sexual, or emotional abuse, neglect, mistreatment or any type of exploitation. We do have zero tolerance to any of these actions.

The staff will be trained to detect any disregard of the human rights of children and is asked to report it to their head of department or to report to the police in case of detecting any harm of the rights of a child outside the hotel.
